

# Rich Milli Coin (RMC) — Whitepaper v3 (Corporate Edition)

Version 3 • 9 November 2025 (AEST)

## Executive Summary

Rich Milli Coin (RMC) is a Solana-based token that combines professional presentation, stable liquidity design, and community-led growth. Initially emerging as a meme-oriented token, RMC has matured into a product focused on transparency and practical utility, underpinned by verifiable liquidity positions and conservative token allocations. This whitepaper outlines the token's positioning, structure, and roadmap as it continues to formalize operations and partnerships.

## Mission & Vision

**Mission:** Make crypto participation feel premium, simple, and dependable—delivering a clean, trustworthy experience for everyday holders and partners.

**Vision:** Build a durable, luxury-inspired ecosystem on Solana where brand, community, and real-world integrations reinforce one another over the long term.

## Token Overview

Field	Value
Token Name	Rich Milli Coin
Symbol	RMC
Network	Solana
Contract	4jKyYTgrrrGmERdpsiQtUkgWzRzcMR5769smFsgXpump
Total Supply	1,000,000,000 RMC
Decimals	6
Liquidity Status	\$10,000 Total Locked Liquidity

## Liquidity Pools

Pair	Approx. Value	Status
RMC/USDC	\$47,000 USD	Unlocked
RMC/USDC	\$1,000 USD	Locked
RMC/SOL	\$5,500 USD	Unlocked
RMC/SOL	\$4,700 USD	Locked
RMC/SOL	\$3,000 USD	Locked
RMC/BONK	\$915 USD	Unlocked

## Tokenomics & Distribution

Item	Details
Liquidity Pool (incl. founder-funded)	≈ \$90,000 USD

Developer Allocation	< 0.5%
Community & Rewards (cashback incentives)	< 1%
Marketing	Community-driven and organically funded

## Utility & Ecosystem Expansion

- Retail cashback redemptions via partner programs (with clear, verifiable liquidity).
- Brand-led community incentives and occasional promotional distributions.
- Ecosystem integrations under exploration (partner NFTs, loyalty points, gated benefits).

## Security & Transparency

- Public contract and token address, with clear display across official channels.
- Documented liquidity positions (locked/unlocked) for transparency.
- Metadata hosted on IPFS with public mirrors for redundancy.
- Operational best-practices: versioned metadata, explorer refresh instructions, and naming consistency across wallets and dApps.

## Metadata & Branding Update

In late 2025, RMC completed an official metadata and name update to reflect a unique, professional identity. The update enhances recognition on Solana explorers and improves consistency across wallets and dApps. Metadata is hosted on IPFS with a mirrored copy for reliability.

## Roadmap (2025–2026)

Timeline	Focus
Q4 2025	Finalize metadata/name update; publish v3 whitepaper and web docs; outreach to dashboards and aggregators.
Q1 2026	Partnership scoping for retail/NFT tie-ins; finalize stable branding system; improve on-chain dashboard integration.
Q2 2026	Pilot cashback partner integration(s); expand liquidity distribution strategy across pairs if appropriate.
Q3 2026	Iterate loyalty mechanics; evaluate additional listings/integrations dependent on demand and compliance.

## Founder Note

I funded the initial stages of this project and continue to prioritize clarity and professionalism. As the community grows, my focus is on maintaining responsible liquidity management and building real, repeatable value. — Brent Cannon
